

Thank you for choosing an Audi with Audi connect.
Complete the following steps to make the best use of all the services.

Audi Connect Quick Start Guide

The availability of Audi connect services is model-specific.
The feature "Audi connect security & assistance incl. remote" is only available on select vehicles.
An overview of all Audi models with Audi connect and of all the services per model is available at www.audi.ca/connect

1 Create myAudi create

Registration

You can register in the myAudi app or at www.my.audi.com

Define e-mail and password

Your e-mail address is your user name

Add vehicle

Now visit www.my.audi.com to add your vehicle. Click the "plus" icon in the top right corner to add a vehicle. You will need the vehicle identification number (VIN) of your Audi, which you can find on your vehicle registration certificate (Part 1, section E). Alternatively, you can also use the myAudi app to add your Audi. Go to "My vehicles" to create a vehicle

Equipment:
Audi connect safety & service including vehicle scheduling

The quick start guide for this equipment currently applies to the following vehicles
Audi A4 / S4 / Audi A5 / S5 / RS 5, Audi Q5 / SQ5, Audi Q7

Your personal access:

Verifying and registering as key user gives you access to vehicle scheduling features (such as locking and unlocking from the app). To verify and register as key user, accept the key user agreement (1) on my.audi.com or in the myAudi app, and then log in as key user in the vehicle. You may also add more users as secondary users. You do not need to register for emergency call and online roadside assistance - these two services work straight away without registering.

If have already accepted the key user agreement, you only need to complete the steps in the vehicle (2).

1)

In myAudi

- Select User Account in the menu and accept the key user agreement
- Enter personal details
- Create a 4-digit PIN
- Select a verification channel*
 - Audi partner
- Accept general terms and conditions

In the myAudi app

- Open the menu and go to
 - My profile
 - Settings
 - User management
- Then select:
 - Key user agreement
 - Verify now
- The rest of the process is the same as "In myAudi" (see left column) from step 2

2)

In the vehicle

- Scratch off the 10-digit vehicle code on the keyring
- Enter the vehicle code and your myAudi user name in the MMI:
 - Audi connect
 - User management
 - Key user
 - Setup key user

Note: Contract data can be viewed and edited at any time in the Audi connect user management in myAudi

*You will need to visit your Audi partner.

Option: Audi connect navigation & infotainment

The quick start guide for this equipment currently applies to all vehicles with Audi connect with the exception of the new Audi A6, A7, A8 and Q8.

To use all Audi connect navigation & infotainment services in full, your myAudi account must be connected to your Audi vehicle. You can connect in two different ways:

a) Connect with myAudi user data

To connect your vehicle to myAudi, you can enter your myAudi user data in the MMI:

- Audi connect
 - Options
 - Log in
 - Enter the user name and password

b) myAudi PIN

Alternatively, you can enter the myAudi PIN in the MMI. This is shown in the corresponding vehicle profile in myAudi. The entry is made in the MMI:

- Audi connect
 - Options
 - Log in
 - Alternatively, enter myAudi PIN

Congratulations, you can now use your services

You can use Audi connect:

- In the vehicle (MMI)
- In the myAudi app (www.audi.ca/connect) e. g., for controlling the vehicle functions
- On the web at www.my.audi.com

Please note that some services must be configured on www.my.audi.com

All services and the various access options can be found on the next page

4 Delete settings

Overview of available services

When selling the vehicle

a) In myAudi

- Delete the vehicle in myAudi or the myAudi app

b) Hand over

- Hand over the key and vehicle code.

Note: Your data will be completely deleted and will not be visible for the next buyer
